

Colour in the picture of St Patrick and draw in your own background scene

Draw your own St Patrick

St Patrick is commonly depicted as an old bearded man, wearing a miter (a type of hat worn by senior clergymen) and carrying a crozier (a staff with a curved top).

The shamrock and the snake are central to two legends told about St Patrick. And so, he is often shown holding or wearing a shamrock, and standing on or banishing a snake.

Draw your own St Patrick using these common elements.
